Naveen is a very organized social media Marketer. He has the right skills and experience to market your product / service in social media. He thinks through your marketing requirements and comes up with multiple approaches to target your market, and then tests all of these approaches and optimizes and zero-in on the best approach. He comes up with appealing and attractive media content on a regular basis and follows a discipline to post these onto various social media platforms. He is always reachable and responds quickly. Overall, he is a professional you will feel satisfied to work with.

Testimonials

Naveen was great! I am a salon owner who was in a lull after being out of work, having a child and Naveen really helped put a boost my social media pages. He created stories I've never tried before, came up with contests to gain more interaction and created a beautiful photo gallery of my work and helped keep me organized. I liked his fresh ideas and perspective. Thanks, Naveen!

Naveen is an excellent social media marketer. He has been handling our social media marketing for SailCoach, a sailing sports organisation based in Malta, Europe for over a year now. He creates engaging content such as images and videos for running Facebook and Instagram advertisement campaigns to promote our sailing clinics, webinars, and coaching services. He helped us to gain numerous followers, post consistently engaging content on our social media accounts, and also gave a few valuable suggestions to grow our presence. He continues to be part of our marketing team, and I highly recommend him to your organisation's or businesses if you are looking to expand your business presence via social media. I have no hesitation, therefore in recommending Naveen as an intelligent, dedicated, and hardworking person who will make an excellent contribution to any organisation. 😊

I highly recommend Naveen Dubey for his exceptional social media marketing skills. Naveen played a crucial role in our rapid growth on both ETO Markets LinkedIn and Facebook, leveraging his expertise to help us establish a strong presence in the competitive forex market.

One of Naveen's standout qualities is his ability to optimize our LinkedIn strategy, making us the youngest yet most competitive player in the competitive forex market. Moreover, he went above and beyond by utilizing his own budget to run effective Facebook Ads—an initiative not commonly taken by most marketers.

Naveen's dedication, knowledge, and innovative approach to social media marketing have significantly contributed to our success. He is an invaluable asset, and I wholeheartedly endorse him for any marketing endeavors. I highly recommend him for Digital Marketing Work.

I am thrilled to write this recommendation for Naveen Dubey, an incredibly talented and dedicated professional in the field of Social Media Growth Hacking and Lead Generation.

Over the past six months, Naveen has played a pivotal role in expanding our reach at Renovatio Systems, a company specializing in Embedded System Design, Cloud Software, and Internet of Things (IoT) solutions. His expertise in LinkedIn's Sales Navigator has been instrumental in identifying and connecting us with influential decision-makers in the engineering industry.

Naveen's methodical approach towards lead generation is impressive. He meticulously targeted CTOs, Engineering Directors, VPs of Engineering, and R&D Managers from companies that could benefit from our services. Each potential lead was carefully catalogued in Trello for future follow-ups and effectively nurtured via personalized emails, resulting in numerous successful appointments.

Beyond lead generation, Naveen also demonstrated a knack for crafting quality LinkedIn posts that highlighted our work. His efforts significantly bolstered our online presence, drawing attention to our comprehensive experience in managing the full product lifecycle.

Working with Naveen was a pleasure and a learning experience. His commitment to excellence, combined with his thorough understanding of social media marketing, sets him apart in his field.
